Dublin 2.  
E-mail: [marie.sherlock@oireachtas.ie](mailto:marie.sherlock@oireachtas.ie)

Dear Deputy Sherlock,

The Health Service Executive has been requested to reply directly to you in the context of the following parliamentary question, which was submitted to this department for response.

**PQ: 13296/25**

*To ask the Minister for Children; Equality; Disability; Integration and Youth for the number of children aged zero to 18 in each of the integrated healthcare areas (IHA) by individual area, awaiting first-time intervention in all areas of early intervention; the number on the public list; the number on the children's disability network team list in each IHA; and the length of time awaiting intervention by age, as of the end of February 2025 and in tabular form.*

**HSE Response**

The HSE acknowledges the challenges in meeting the demand for children's disability services and is acutely conscious of how this impacts on children and their families.

Children requiring interventions including health and therapy services would access services through Primary Care Teams in CHO Areas as well as through Children's Disability Services.

HSE Disability Services does not gather data on services provided through other service areas such as Primary Care. However Primary Care Services has provided the latest available, validated waiting list data, on services for which they collate data, for the end of December 2024 for those aged 0 to 17 years and 11 months.

- Table 1 in the Appendix includes the data for Psychology - Number of 0-17 years & 11 months old Patients waiting for treatment end of December 2024
- Table 2 in the Appendix includes the data for Occupational Therapy - Number of 0-17 years & 11 months old Patients Awaiting First Time Assessment end of December 2024

- Table 3 in the Appendix includes the data for Physiotherapy - Number of 0-17 years & 11 months old Patients waiting for Assessment end of December 2024.
- Table 4 in the Appendix includes the data Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Initial Assessment - end of December 2024
- Table 5 in the Appendix includes the data for Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Initial Therapy - end of December 2024
- Table 6 in the Appendix includes the data for Speech and Language Therapy - Number of 0-17 years & 11 months old patients awaiting Further Therapy - end of December 2024
- Table 7 in the Appendix includes the data for Dietetics - Number of 0-17 years & 11 months old patients waiting for treatment end of December 2024
- Table 8 in the Appendix includes the data for Ophthalmology - Number of 0-17 years & 11 months old Patients waiting for treatment end of December 2024
- Table 9 in the Appendix includes the data for Audiology - Number of 0-17 years & 11 months old Patients waiting for treatment end of December 2024

### **Children's Disability Network Teams (CDNTs):**

In line with the Progressing Disability Services model, resources assigned to children's disability services are allocated to the 0 – 18 93 Children's Disability Network Teams (CDNTs) rather than to a dedicated early intervention team or dedicated school age team.

Each CDNT covers a specific geographical area and holds a waiting list for children with complex needs residing in that area.

The model of service for all CDNTs is family-centred and based on the needs of the child. This includes universal, targeted and specialised supports and interventions, as appropriate to the individual child and family. It is based on the objectives of empowering and supporting parents and others who are with the child on a daily basis to facilitate the child's developmental needs.

The CDNTs are currently providing services and supports for 43,000 children and strategies and supports for urgent cases on the waitlist where staffing resources allow. However, there are significant challenges for CDNTs including:

- Significant staffing vacancies
- Growth in numbers of children with complex needs as a result of their disability.
- Growth in demand for Assessment of Need, diverting further resources away from interventions

### **Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People**

The HSE's Roadmap for Service Improvement 2023 – 2026, Disability Services for Children and Young People is a targeted Service Improvement Programme to achieve a quality, accessible, equitable and timely service for all children with complex needs as a result of a disability and their families.

The Roadmap, has four Working Groups which report into a Service Improvement Programme Board every month which in turn reports to the Roadmap Oversight Group which was chaired by the Minister of State

**Working Group 1 Integrated Children's Services** – has responsibility for the implementation of National Access Policy (NAP) and the Primary Care, Disability, CAMHS Joint Working Protocol (JWP), Equity of Access to Aids and Appliances across all CHOs; and the Review of HSE Tusla Joint Protocol.

**Working Group 2: Service Access and Improvement** – has responsibility for Waitlist Management and Services; Optimising Teams Efficiencies, Effectiveness and Governance; AONs overdue for completion; and the development of a National Capital plan to enable all staff of a CDNT to be co-located.

**Working Group 3: Workforce** – has 21 actions dedicated to Retention of specialised CDNT staff, Recruitment of new graduates and experienced staff for all CDNTs Deployment of Students/Trainees/New Graduates; and Development of Existing Staff.

**Working Group 4: Communication and Engagement** – has responsibility for developing and ensuring the delivery of a rolling Communication Plan for the Roadmap and CDNT service, which is a key priority; review and updating the HSE PDS Website to meet information needs of families, further Staff Engagement and Workshop days and ensuring sustainability of the Family Forums and Family Representative Groups.

In addition, the Cross Sectoral Group on issues for children with disabilities will be resumed in the coming weeks to drive integration and collaboration between education and health services, and supports for special schools for optimal benefit and outcomes for children with disabilities.

### Waiting List for the Childrens Disability Services

Historically the number of children waitlisted for children's disability services provided by section 38 and section 39 providers has not been available nationally. The establishment of CDNTs in 2021 has facilitated the collection of this data. A National Management Information System for all 93 CDNTs is being rolled out and when implemented, will provide current data on waiting lists and other details for all CDNTs.

The CDNTIMS (information management system) has been rolled out across 50 CDNTs. There is an ongoing Legal issue for S38/S39 Lead Agencies however this is nearing resolution which will facilitate all remaining teams to migrate to the system in 2025.

Pending full roll-out, manual data collection is on-going. The table below is the information available and is the validated data for the end of January 2025 activity reports. This shows the number of children that are waiting for an initial contact with a CDNT in the 9 CHO Areas. Length of time awaiting intervention by age is not collated.

| Status report                                                           | CHO 1 | CHO 2 | CHO 3 | CHO 4 | CHO 5 | CHO 6 | CHO 7 | CHO 8 | CHO 9 |
|-------------------------------------------------------------------------|-------|-------|-------|-------|-------|-------|-------|-------|-------|
| No of children waiting 0-3 months for an initial contact @month end     | 97    | 182   | 230   | 169   | 79    | 65    | 162   | 296   | 56    |
| No of children waiting 4-6 months for an initial contact @month end     | 65    | 115   | 165   | 127   | 81    | 67    | 159   | 178   | 67    |
| No of children waiting 7-12 month for an initial contact @month end     | 78    | 137   | 336   | 92    | 138   | 143   | 336   | 282   | 135   |
| No of children waiting over 12 months for an initial contact @month end | 400   | 261   | 552   | 311   | 1057  | 1205  | 1878  | 800   | 2411  |

In addition, 912 children (&/or their parents) who are on the CDNT waiting list, participated in one or more individual and/or group intervention appointments during January 2025.

Please also note that this is an interim dataset as we await the roll out of the National Information Management System and some individual CDNTs indicate that they do not have a system in place to capture this level of activity, therefore there are gaps in data returns for some of the CHO Areas.

Yours Sincerely,

*Bernard O'Regan*

**Bernard O Regan,  
Assistant National Director,  
Access and Integration,  
Disability Services**

## Appendix

Table 1 includes the data for Psychology - Number of 0-17 years & 11 months old Patients waiting for treatment end of December 2024
